PROLINESTAMPS.COM

Since 1990, Proline Decorative Concrete Systems has been a leader and innovator in the decorative concrete industry. We devote our knowledge, experience, and passion to manufacturing the most durable and highest quality products, stamps, and tools on the market. Our products are designed to beautify, transform, color, restore, repair, and protect.

Our comprehensive product line encompasses Concrete Stamps, Concrete Stamping Tools, Table Molds, Edge and Form liners, Pre-Cast GFRC Material, Color Hardener, Integral Color, Antique Release Powder, Liquid Release Agent, Acid Stain, Solid and Transparent Water-Based Stains, Crack and Joint Repair, Cementitious Resurfacers and Overlays, 100% Solids, Water-Based, and Metallic Epoxies, Polyurethanes, Polyaspartic, and Water-Based and Solvent-Based Sealers.

Proline Decorative Concrete Systems is recognized world wide for our amazing collection of concrete stamps. We have hundreds of concrete stamp designs that offer a wide variety of textures, patterns, and specialty accent pieces. We can also create custom stamps in just about every size and shape. Our stamps are lighter, stronger, and more durable than any other concrete stamps in the industry. And our newest Magnetic Seamless Pattern Stamps are changing the future of stamped concrete forever.

Proline Decorative Concrete System's stamps and products are distributed exclusively through building material supply stores and international distributors.

MAGNETIC SEAMLESS PATTERN STAMPS

OUR NEW PATENTED INNOVATIVE STAMP SYSTEM

Known to the industry as the “Game Changer”, the SPS system is the culmination of studying and developing for the decorative concrete industry for over 30 years.

Once you stamp with the Magnetic Seamless Pattern Stamp, you will experience first-hand the benefits it has to offer, no double joints, seamless transition, reinforced composite design, tougher tool with high flexibility, lightweight for less fatigue, no joint squeeze-out and over 4X the coverage of traditional tool.

BELGIUM SLATE

SEAMLESS TEXTURE SKINS

SUPERIOR MATERIALS. EXCELLENT RESULTS.

The industry's most natural life-like results comes from our Seamless Texture Skins. To faithfully reproduce these natural details, all of our mats and skins are mastered from real stone. Available in Super and Traditional.

TRADITIONAL SEAMLESS TEXTURING SKINS

SEAMLESS TRADITIONAL SKINS THAT DELIVER EXCELLENT RESULTS TIME AND TIME AGAIN

Our original traditional texture skins are second only to the new Super Skins in strength & stiffness. Available in all our great textures.

As an application contractor you'll appreciate how light and easy our mats and skins are to use. Plus, our skins are manufactured with tear-proof handles included and are formulated with the perfect mix of stiffness and durability. With skin sizes up to 25 square feet and extra long wall perimeter texture tools, you'll be more productive making the job go faster and easier.

We even make touch-up skins for every single pattern stamp we manufacture.

SUPER FLEX

Super Flex Seamless Texturing Skins are extremely flexible, lightweight and versatile.

SUPER SKINS + SEAMLESS TEXTURE SKINS AVAILABLE IN THESE SIZES:

STAMP DETAILS	REG LARGE	REG MEDIUM	REG SMALL	SUPER LARGE	SUPER MEDIUM	SUPER SMALL

APPROX WEIGHT	30 lbs	20 lbs	10 lbs	19 lbs	15 lbs	8 lbs

BELGIUM SLATE

NEW SUPER SKINS

LIGHT WEIGHT + DOUBLE THE STIFFNESS

Super Skins are available in all of our Traditional Seamless Textures. Composite construction makes the skins virtually indestructible. Manufactured with tear-proof handles included and are formulated for double the stiffness of our Traditional Seamless Texture Skins, yet super light and extra durable.

PATTERN STAMPS

COUNTLESS HIGH-END TEXTURES AND PATTERNS

The most lifelike stamps on the market today. 150+ choices.

Custom solutions. The highest quality in the industry.

The best value in the industry. These are just a few of the features and benefits you'll find in our line of concrete stamps.

Contractors use our stamps to beautify a wide range of environments, including driveways, counter tops, swimming pools, car dealership showrooms and virtually any surface that calls for a distinctive look.

Pattern stamps by category: Ashlar, Band Tools, Border Art, Brick, Cobble Stone, European Cobble Radial, European Fan, Random Stone, Slate, Square Tile and Tumbled Travertine.

AS900A / B

ASHLAR

INNOVATIVE AND EASY TO USE

Proline's beautiful granite and slate textures in the Ashlar pattern are traditional yet innovative. The mats are designed for running in rows. The precisely fitting edges require a minimum of detail work.

ASHLAR ROTATING MATS

TRADITIONAL ASHLAR

Our unique rotating mats for the Ashlar pattern have been designed to give a highly random pattern and realistic design with a simple rotational change. Modeled from real stone, the resulting surface is a beautiful rendition of slate and stone in three textures. Tight tolerances between mats result in less detail work and to speed up installation, each mat is marked on the back for rotation.

RANDOM STONE

REAL HAND CUT LOOK

The Random Stone Stamps are either single or multiple part units that beautifully reproduce hand cut and placed stone, sandstone, granite and flagstone. As with all Proline mats, these are molded from real stone complete with cut marks and defects. The Arizona Flagstone has wide irregular grout lines and occasional smaller pieces that actually make it hard to tell it from the real thing. Our unique Santa Fe Stone comes in three stone sizes on two mats each, so up to all six mats can be used together to form an exquisite multi-size, fully random or graduated stone sized surface. All of our sturdy, yet light mats are larger for faster coverage yet fit precisely requiring less detail work.

COBBLESTONE

PERFECT FOR AUTHENTIC AND BEAUTIFUL WALKWAYS AND PATIOS

We offer several options in our Cobblestone patterns, such as Cut Stone Cobble, which is our most popular pattern in this category. Cobblestones date back centuries, remodeled from the water-worn round cobbles to the flat slate typically seen today. These elegant stones romanticize the old world bringing part of the past to the present and hopefully into the future.

SQUARE TILE

BETTER THAN THE REAL THING

We offer many different textures and sizes in our tiles category. Tiling with individual tiles can be a grueling process in which tiles can be broken, scratched or stained. This is simply not the case with stamped concrete. Take a look at our website for all of our simple designs made to exemplify tiling for everyone.

BAND TOOLS

A BEAUTIFUL WAY TO SEPARATE ANY AREA

Band Tools can accent any pattern or Seamless Texture. Patterns will range from the more traditional brick to granite or slate tiles. Check out the lovely Bellagio Custom Band Tool that was specially made for the Bellagio Hotel in Las Vegas.

Easy to install and even easier to color with Proline's Accent Color water-based acrylic stain.

WOOD TEXTURE PLANKS

THE BEAUTY OF WOOD WITHOUT THE MAINTENANCE

People love wood floors but hate the maintenance. Proline has the answer - give them the beauty of a wood floor with the durability of concrete. Cast from real wooden planks, Boardwalk is highly life-like right down to the pegs in the planks.

HAND HEWN TIMBER

Proline's Hand Hewn wood textures appear as unique salvaged timber from old barns, stables, mills, and other structures built by some of the first settlers. These textures are replicated directly from hand hewn beams and planks that were shaped to life well over two hundred years ago.

RECLAIMED TIMBER

Hundreds of years in the making, lumber from old barns, factories and warehouses are transformed into Reclaimed Timber. Bolts, scratches, knife marks and an incredibly realistic texture creates a vivid back story to Proline's Reclaimed Timber. Available in 8", 12" and 16" widths, and up to 8' lengths.

PARQUET WOOD

This pattern will create a thousand and one designs from simple to intricate. Available to you in a 6" and 8", diagonal and straight, 32" squares. Never be without options with this interchangeable pattern.

EUROPEAN COBBLE SERIES

PERFECT FOR AUTHENTIC AND BEAUTIFUL WALKWAYS AND PATIOS

Proline has designed a new radial stamp, unlike any on the market, that can create a radius of infinite dimensions with one affordable set of tools. Even more innovative, this stamp series can also create a Serpentine Cobble, a Straight Cobble and several band tool designs. With the 5 tools in the series, the possibilities are only limited by one's imagination.

SLATE

PERFECT AROUND POOLS OR ANY AREA

This sedimentary rock gets split into sheets and cut into shape to make some of the finest roofing as seen on many cathedrals still today. Although this has been used for roofing throughout the years, among other things, we have produced several Slate stamping mats for you to explore your wishes. With background textures such as Belgium and Roman Slates we are always innovating.

BORDERS & CORNERS

PERFECT COMPLEMENT TO ANY AREA

Proline proudly introduces a modern day update on ancient Greek and Roman border art. For the first time, walkways, floors and decks can have decorative edges, framed artwork and running borders with a truly elegant look. Our new Decorative Border Art Tools create stunningly realistic carved designs, both modern and ancient in style. This is that extra finishing touch that makes a decorative concrete installation truly unique and one-of-a-kind.

The Border Art Stamp is easily applied and gives consistently clean and clear results. Designed to be used in decorative borders, the Border Art Stamp is laid first, then covered with the desired texture skin. The stamps are flexible enough to allow installations to follow free-form contours as well as straight-line borders. But best of all, the results are incredibly beautiful.

Most Borders and Corners are available in Hammered Edge and Smooth Edge.

OUR BORDER ART IS EASY TO APPLY

- Made to fit within any 12" Border
- Prepare the concrete for texturing
- Place the Border or Corner Art in the desired area
- Cover with desired texture skin
- Tamp the skin over the Border or Corner Art Stamp, embedding the texture and Border/Corner Art image at the same time
- Pull up the skin and remove the Border/Corner Art Stamp
- Repeat the steps

CUSTOM STAMP
ROMAN SLATE

EDGELINERS

INNOVATIVE REUSABLE STEPLINER

Proline's Edgeliners are flexible, reusable liners to transfer a texture to edges, corners, risers of cast in place steps, countertops, pool copings and wall caps. Proline's Edgeliners are made of high quality lightweight polyurethane for extreme durability resulting in a variety of life-like natural stone textures.

FLAT

Flat edgeline edges are not textured, and is great for edges that need a clean, smooth transition.

HAMMERED EDGE

A refined natural looking edge with a slight angle into the transitioning surface. Great for patios, steps and countertops.

BULL NOSE

An evenly rounded edge is the result. Also great for patios, steps and countertops.

YUKON FLAT

DENALI HAMMERED EDGE

FORM LINERS

CREATE FIRE RINGS, PLANTERS & COLUMNS

Proline's interlocking Form Liners can be used to create fire rings, fountains, pillars, walls, or anything else you want to form up. Three tools can be interlocked for a 36" column form, four tools for a 48" column form, and so on. They are now available in 3 textures: Ledger Stone, River Rock and Ashlar Travertine...with more textures on the way!

TABLE MOLDS

UNIQUE DESIGNS FOR ANY AREA

Do you have leftover concrete after a pour? Our molds enable you to create a beautiful table with it. They can also be used with lightweight GFRC mix, leaving you with an elegant custom table. Our newest design is a rectangular top in Reclaimed Timber texture available in two sizes. Complimentary leg molds with Roman Slate texture and fractured stone edges are available in two heights; standard table and bar height.

PERFECT FOR:
Walkways / Driveways / Patios / Stairways

TAMPERS

PROLINE'S EXCLUSIVE PATENTED SHOCK ABSORBING DESIGN

Our exclusive patented shock absorbing Tampers have set an industry standard. Don't settle for imitation tampers.

HAND TAMPER

BBANGER

- SMALL & LIGHTWEIGHT
- NON-SLIP GRIP
- HEAVY-DUTY UNBREAKABLE CONSTRUCTION
- CAN BE USED HORIZONTALLY OR VERTICALLY
- ABLE TO FIT INTO TIGHT AREAS
- "HAND SAVING" DESIGN

DRY BUFFER & GREEN FLAGGED BRUSH

IDEAL FOR APPLYING COLOR, EZ-TIQUE, PROSTAIN, & WATERBASED SEALERS

TEXTURING ROLLERS

PERFECT FOR HARD TO STAMP AREAS AND SMALL TOUCH-UPS

- GRANITE**
TXR1091 / 9" // TXR104.51 / 4.5"
- STONE**
TXR1092 / 9" // TXR104.52 / 4.5"

*DOES NOT INCLUDE ROLLER HANDLE

BLUE FLAGGED BRUSH

PERFECT FOR SOLVENT SEALERS

JOINT TEXTURING STRIP

EXCLUSIVE PROLINE STAMP TOOL

When you use our seamless textured skins, place our Joint Texturing Strip into the control joint first.

The result will be open control joints that are already textured all in one easy step. This is a real time-saver. 60"+ In length.

TOUCH-UP WHEELS

JUST THE RIGHT TOOL TO FREE HAND THE PREFERRED TEXTURED JOINT

CHISELS

THE MOST USED JOINT TOOL OF ALL TIMES

Proline chisels save you time and effort! Only Proline chisels have a matching edge applied to the side of the tool. Why? So you can easily finish a joint or work in a tight area with the same chisel and edge style. No additional tools needed!

SPEED FORMS

A NEW PRODUCT FROM PROLINE THAT MAKES FAST WORK OUT OF CUSTOM FORMS

Proline SpeedForms are designed to quickly set, adjust and form your concrete. Use on everything, driveways, patios, footings, sidewalks & walkways. Proline SpeedForms are perfect for radius work or straight line work. The boards bend with ease to customize any project. Proline SpeedForms are a simple design that are completely reusable over and over. One type of clamp and connector for all boards. Boards are light weight and setup and takedown is quick, compared to working with wood forms.
